Info

The guys of Society-Off have been touring unremittingly since 2006. Apart from an impressive number of nearly 200 shows throughout Germany the four are also proud to present their first full-length album. In September 2011 they started their own tour through Germany to promote "Carry Or Collapse". Furthermore there is quite an impressive list of bands they have supported so far. During the last years they have been on stage with Strike Anywhere, Death By Stereo, Nations Afire, No Use For A Name and many others. Playing live is what defines them! So if you're into energetic punk rock you shouldn't miss one of their shows and check them out! Tour dates are available online (society-off.com) and on all relevant social networks.
